AECP-CHLA 21st International Conference

The AECP-CHLA 21st international conference will be held from October through November, 2023 in Yerevan, within the AECP 63rd Medical Mission in Armenia. The large-scale program of this event includes numerous lectures, professional discussions, master classes and workshops for health care providers (ophthalmologists, neonatologists, pediatricians and pediatric endocrinologists).

The conference on ophthalmology will be held from October 13 through October 14, and we are honored to have as Conference speakers lecturers from Armenia, as well as physicians from the best universities and hospitals in the USA, Australia and Europe. Within those days, lectures will be delivered on glaucoma, refractive surgery, neuro-ophthalmology and oculoplastics, retinal diseases, pediatric ophthalmology and corneal disorders. This conference is organized in collaboration with the Ministry of Health of Armenia, Association of Armenia Ophthalmologists and other partners.
