

September 23-30, 2020 (GMT +4)

OPHTHALMOLOGY
NEONATOLOGY
GENERAL PEDIATRICS
ENDOCRINOLOGY & CARDIOLOGY

Conference schedule:

Wed 23: Retina

4:30PM

Roger Ohanesian, USA
Alexander Malayan, Armenia
Thomas Lee, USA
Nune Yeghiazaryan, Armenia

Opening of the Conference

5PM

Armen Vardanyan, Armenia
Surgical treatment of complicated form of retinal detachment

5:20PM

Baruch Kuppermann, USA
A new way to treat retinal degeneration

5:40PM

Ruben Grigorian, USA
Complications of vitrectomy - some of them can be prevented

6:00PM

Aravinda Rao, USA
Extraction of intraocular foreign body

6:20PM

Break

6:30PM

Andrii Ruban, Ukraine
Our way to treat full-thickness macular holes

6:50PM

Andrea Torrado Cobian, USA
Association between retinal defects and epiretinal membrane development

7:10PM

Andrii Serhienko, Ukraine
Surgical treatment of ophthalmic toxocarosis

7:30PM

Mykola Umanets, Ukraine
Bimanual endoresection of uveal melanoma using high-frequency electric welding

7:50PM

Panel Discussion

Thurs 24: Glaucoma

5PM

L. Jay Katz, USA
Effective glaucoma screening and treatment

5:20PM

Lilit Voskanyan, Armenia
Minimal invasive microsclerostomia (M IMS): post-operative period

5:40PM

Richard Hill, USA
The Pyott Glaucoma Center an Online Learning Resource for Physicians

6PM

Break

6:05PM

L. Jay Katz, USA
Management of normal tension glaucoma

6:25PM

Vahan Papoyan, Armenia
Combined surgery: glaucoma and cataract

6:40PM

Knar Sahakyan, Armenia

Treatment of absolute painful glaucoma

6:55PM

Lilit Voskanyan, Armenia, presented by Asya Avagyan

Phacogen glaucoma: pathogenesis, treatment and control

7:05PM

Panel Discussion

Fri 25: Neuro-orbital ophthalmology and oculoplastics

5PM

Steven Elliott Feldon, USA

Idiopathic Intracranial hypertension

5:20PM

Armine Gharakeshishyan, Armenia

Neuroophthalmology

5:35PM

Armine Sargsyan, Armenia

Rare vascular orbital malignant tumors

5:50PM

Asya Adyan, Armenia

Craniosynostoses

6:05PM

Armine Gharakeshishyan, Armenia, presented by Hermine Zargaryan

Replacement of the extruded gold chain eyelid implant with a new gold weight implantation

6:15PM

Break

6:20PM

Steven Elliott Feldon, USA

Thyroid Eye Disease

6:40PM

Nune Hakobyan, Armenia, presented by Lida Sargsyan

Nasolacrimal duct intubation by bicanalicular autostable stent

6:55PM

Armine Gharakeshishyan, Armenia, presented by Arpine Petrosyan

Neurofibromatosis

7:05PM

David Shahnazaryan, United Kingdom

Multidisciplinary approach to the management of neurotrophic cornea

7:20PM

Aida Hajjar Sesé, United Kingdom

Surgical technique of Corneal Neurotisation

7:35PM

Panel Discussion

Sat 26: Cornea

5PM

John Hovanesian, USA

What's new in corneal transplantation

5:15PM

Anna Hovakimyan, Armenia

Corneal autotransplantation in certain patients and under certain life circumstances

5:30PM

Araks Davtyan, Armenia

Our experience of Voriconazole intrastromal injections in patients with fungal keratitis

5:45PM

Anna Hovakimyan, Armenia, presented by Amalya Hovhannisyan

Management of chemical injuries, therapeutic and surgical treatment options

5:55PM

Anna Hovakimyan, Armenia, presented by Mariam Arshakyan

Interstitial keratitis: 5 year analysis

6:05PM

Break

6:10PM

Anthony Aldave, USA

Endothelial keratoplasty

6:25PM

Artak Kirakosyan, Armenia

Comparative study of amniotic membrane transplantation and tarsorrhaphy in treatment of neurotrophic corneal ulcers

6:40PM

Emma Tsarukyan, Armenia

Introduction of new treatment options of "Dry eye" syndrome in Armenia

6:55PM

Anna Hovakimyan, Armenia, presented by Yeghisabet Buniatyan

Atypical cases of herpes zoster keratitis in young adult

7:05PM

Anna Hovakimyan, Armenia, presented by Zara Sargsyan

Five years study of herpetic endothelitis: diagnosis and treatment

7:15PM

Roza Ohanyan, Armenia

Infectious corneal ulcer caused by Gram-negative and Gram-positive bacteria

7:25PM

Panel Discussion

Mon 28: Retina

5PM

Armen Vardanyan, Armenia

Surgical treatment of retinal disorders

5:15PM

Jeannine Srourian, Armenia

Cellophane maculopathy pucker

5:30PM

Siranush Asatryan, Armenia

Structural and functional specifics of retina in patients with diabetes mellitus

5:45PM

Hasmik Shahnazaryan, Armenia

Bilateral metastatic tumor

5:55PM

Astghik Ghazaryan, Armenia

Treatment with silicone oil

6:05PM

Levon Grigoryan, Armenia

Lensexotomy combined with sutureless iol scleral fixation in patient with Marfan syndrome

6:15PM

Break

6:20PM

Ani Gevorgyan, Armenia

Correction of low vision in patients with Macular Degeneration

6:35PM

Tatevik Adamyan, Armenia

Choroidal osteoma

6:50PM

Lilit Karapetyan, Armenia

Micropulse laser treatment for diabetic macular edema

7:05PM

Maria Vardanyan, Armenia

Multiple evanescent white dot syndrome (MEWDS)

7:15PM

Nune Yeghiazaryan, Armenia

Diabetic Retinopathy Prevention and Treatment Program in Armenia: results and future prospects

7:30PM

Panel Discussion

Tues 29: Refractive Surgery

5PM

Yelena Malayan, Armenia,

presented by Lusine Vanyan

Implantation of kera-ring for 3 degree keratoconus

5:10PM

Andre Amirkhanyan, Armenia

Use of iris claws in patients with complicated cataract

5:25PM

Asatur Hovsepyan, Armenia

AECP surgical services in the regions of Armenia. Presentation of unusual clinical cases

5:40PM

Alina Terteryan, Armenia

Results of accelerated cross-linking

5:55PM

Yelena Malayan, Armenia,

presented by Lusine Vanyan

Correction of high myopia by photorefractive keratotomia (PRK) method in two stages

6:05PM

Break

6:15PM

Kristina Kurbanyan, USA

Recent advances in cataract surgery

6:30PM

Tamara Shahinyan, Armenia

Complications after Femto-LASIK procedures

6:45PM

Hovhannes Grigoryan, Armenia

Results of toric intraocular lenses use

7PM

Yelena Malayan, Armenia,

presented by Lusine Vanyan

Correction of residual refraction after phacoemulsification with eximer laser

7:10PM

Naira Sardaryan, Armenia

Cataract phacoemulsification in a patient with ankylosing spondyloarthritis

7:20PM

Panel Discussion

Wed 30: Pediatric Ophthalmology

5PM

Mark Borchert, USA

Optic Nerve Hypoplasia

5:30PM

Thomas Lee, USA

Coats' disease

6PM

Tadevos Hovhannisyanyan, Armenia

Coats' disease: clinical cases

6:15PM

Break

6:20PM

Melinda Chang, USA

Cortical Blindness

6:50PM

Jesse Berry, USA

Rumors about tumors

7:20PM

S. Chien Wong, United Kingdom

**Lens injury in paediatric
vitrectomy and ROP surgery**

7:35PM

Levon Grigoryan, Armenia

**ROP combined treatment in
Armenia**

7:50PM

Break

8:00PM

Tamara Petrosyan, USA

**Binocular treatment of
strabismus and amblyopia
using binocular technology**

8:15PM

Inga Sargsyan, Armenia

**Other findings: what else we
found during routine ROP
screening**

8:30PM

Nairuhi Jrbashyan, Armenia

School based survey results

8:45PM

Inesa Balyan, Armenia

**Curricula prepared and tested
in the regions for health
providers and parents**

9:00PM

Panel Discussion
