The AECP-CHLA 22nd International Conference will take place in September-October, 2024 in Yerevan, within the 64th Medical Mission of the Armenian EyeCare Project.

We are honored to have as the Medical Mission participants and Conference speakers, lecturers from Armenia as well as physicians from the best universities and hospitals in the USA. This conference is organized in collaboration with the Ministry of Health of Armenia, Armenian Association of Ophthalmologists, Armenian Pediatric Association, Armenian Association of Pediatric Endocrinologists, Armenian Association of Neonatal Medicine and other partners.

During the Medical Mission AECP volunteer physicians will hold master classes and discuss medical cases with their Armenian peers. Overall activities will include hands-on trainings and visits to the AECP Center of Excellence for the Prevention of Childhood Blindness, Mobile Eye Hospital, Regional Eye Centers and the newly opened AECP Diagnostic Eye Clinics.
